Introduction

This policy has been developed to ensure that all adults in Thomas Buxton Primary School are working together to safeguard and promote the welfare of children and young people. It describes the management systems and arrangements in place to create and maintain a safe learning environment for all our children, young people and staff. The policy identifies actions that should be taken to redress any concerns about child safety and welfare including protecting pupils and staff from extremist views. All opinions or behaviours which are contrary to the values and the ethos of the school will be vigorously challenged.

As a UNCRC Rights Respecting School, Thomas Buxton Primary School promotes the United Nations Convention on the rights of the Child (UNCRC). All articles are of equal importance but for this policy we prioritise:

UNCRC Article 12: Children have the right to be looked after, kept safe from harm and know what to do if they need support.

For the safeguarding procedures to work, it relies on the commitment and expertise of every adult within school to be able to recognise or report concerns. Therefore, we aim to have a school where:

- There is a belief that 'it could happen here'.
- There are clear procedures for reporting concerns.
- There is a commitment to take action in relation to concerns raised.
- There is a set of standards for professional conduct.
- Child protection is part of induction training.
- There is an ongoing culture of vigilance.

The school aims to develop an ethos in which children feel secure, their viewpoints are valued and they are encouraged to talk and listen.

This Policy sits alongside several other policies which include reference to Safeguarding practices (Staff Safer Care and Code of Conduct, Recruitment Policy, Allegations against staff, Complaints Policy, Visitor Policy as well as the Behaviour policy). The policy will be reviewed annually or sooner if there are significant changes to guidance.

This Safeguarding Policy is available on the school website, the shared 'Teacher' drive and the school Office. The policy will be reviewed at least annually unless an incident, new legislation or guidance calls for the need for a review.

Procedures within this policy apply to all staff, volunteers, visitors and governors. All procedures have been written in accordance with Keeping Children Safe in Education 2023 and Tower Hamlets Safeguarding Children Partnership supplementary guidance (THSCP) on Child Protection Procedures and the Management of Allegations.

1. CORE SAFEGUARDING PRINCIPLES

- The welfare of the child is paramount and underpins all discussions, decision making, and actions taken at the school.
- All concerns disclosed and reported by children will be taken seriously.
- All children have the right to have a life free from harm, regardless of age, gender, ability, culture, race, language, religion or sexual identity, all have equal rights to protection. This includes children's lives in digital and online environments.
- The child's wishes and feelings will always be taken into account at the school when determining what action to take and what support to provide.

about the establishment of the Tower Hamlets Safeguarding Children Partnership (THSCP). The Partnership coordinates the work of all agencies and ensures that this work is effective in achieving the best outcomes for Tower Hamlets children. The three statutory safeguarding partners have published arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs. More information about the Tower Hamlets Safeguarding Children Partnership can be found on the website: <http://www.childrenandfamiliestrust.co.uk/the-lscb/>

The school has been named as a 'relevant agency' and as such is under a statutory duty to cooperate with the THSCP arrangements.

The school will engage with the borough's Designated Safeguarding Lead Forums, co-operate with the Rapid Review process and any Local Learning Reviews,¹ participate in the THSCP multi-agency safeguarding training offer, and co-operate with the borough's Section 175/157 School Safeguarding Audit cycle.

- protecting children from maltreatment
- preventing the impairment of a child's physical and mental health or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes.

The phrase 'child protection' refers to the processes followed to protect children who have been identified as suffering or being at risk of suffering significant harm.

All staff have a responsibility to provide a safe environment in which children can learn.

All staff have a responsibility to report safeguarding concerns immediately to the DSL. This should be done via CPOMS without delay. For those without access to CPOMS, then making contact with the DSL or Deputy DSLs should be done immediately.

(See Appendix 3 for Thomas Buxton Safeguarding Flowcharts and Safeguarding Teams)

If in doubt about any safeguarding matter, staff should **always** speak to the DSL or a DDSL if the DSL is unavailable or off-site.

All staff are expected to keep the school values at the core of their daily conduct and understand that they have a legal duty to safeguard the child. Ultimately, the best interests of the child must be at the centre of all decision making, behaviours and action taken in relation to children.

Teachers, including the headteacher, have a responsibility to:

- Safeguard pupils' wellbeing and maintain public trust in the teaching profession as part of their professional duties, as outlined in the 'Teachers' Standards'.

If any member of staff is concerned about a child, they must inform one of the Designated Safeguarding Leads (listed above). The DSLs are most likely to have the complete safeguarding picture and be the most appropriate people to advise on the response to safeguarding concerns' (KCSIE23).

- Information regarding concerns must be recorded immediately on the school CPOMs system and referred to a Designated Safeguarding Lead (DSL).
- The concern must be recorded immediately on the same day using the CPOMS online recording system. The recording must be a clear, precise, factual account of the observation.
- The designated officer to whom the report has been directed will abide by the guidance of the Local Safeguarding Children Board, and may refer the matter to the Multi-Agency Safeguarding Hub (MASH) in Tower Hamlets Children's Social Care. The DSL must be briefed before a referral is made. In some circumstances, parents may be notified, but staff should not notify parents in advance if there is any risk of:
 - (a) further endangering the child or children involved;
 - (b) compromising the integrity of any evidence which may later be used in court,
 - (c) causing any alleged perpetrator of child abuse to be protected from investigation.
- Only Designated Safeguarding Leads should make decisions about when to disclose Child Protection issues to parents and other staff must assume that information about Child Protection issues is strictly confidential, and act accordingly.
- If a referral is made to MASH, the designated safeguarding lead will ensure that a written report of the concerns is sent to the social worker dealing with the case within the time specified by MASH (as identified – high, medium or low risk cases).
- Particular attention is paid to the attendance and development of any child who has been identified as 'at risk' or who has been made subject to a Child Protection Plan.
- If a pupil about whom safeguarding concerns have been raised changes school, one of the designated officers will inform the social worker responsible for the case (if there is one), transfer the appropriate records to the receiving school, and provide specific information relating to support and wellbeing where appropriate.
- Staff who have ongoing concerns about 'poor or unsafe practice and potential failures in the school's safeguarding regime' should follow the protocols described in the school's Whistleblowing Policy. - Ensure each member of staff has access to and understands the school's Child Protection and Safeguarding Policy and procedures – this will be discussed during the staff induction process.
- Work with the governing board to ensure the school's Child Protection and Safeguarding Policy is reviewed annually, and the procedures are updated and reviewed regularly.
- Ensure the school's Child Protection and Safeguarding Policy is available publicly, and parents are aware that the school may make referrals for suspected cases of abuse or neglect, as well as the role the school plays in these referrals.
- Link with safeguarding partner arrangements to make sure that staff are aware of the training opportunities available and the latest local policies on safeguarding.
- Undergo training, and update this training at least every two years.

- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings; this includes understanding the difficulties pupils may have in approaching staff about their circumstances and considering how to build trusted relationships that facilitate communication.
- Support and advise staff and help them feel confident on welfare, safeguarding and child protection matters: specifically, to ensure that staff are supported during the referrals processes; and to support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.
- Understand the importance of information sharing, including within school, with other schools, and with the safeguarding partners, other agencies, organisations and practitioners.
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK GDPR.
- Keep detailed, accurate, secure written records of concerns and referrals, and understand the purpose of this record-keeping.

The designated teacher has a responsibility for promoting the educational achievement of LAC and PLAC, and for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales.

8. WHISTLEBLOWING

All staff members have a responsibility to raise concerns about poor or unsafe practice and potential failures in any aspect of the school's safeguarding arrangements and staff should feel confident that such concerns will be taken seriously by the senior leadership team.

Staff must read the Whistleblowing Policy as part of Induction and the annual instruction to read updated safeguarding documents. Staff should follow the school's Whistleblowing Policy.

Where a staff member feels unable to raise an issue with their employer, or feels that their genuine concerns are not being addressed, they should consider other channels available including:

The NSPCC Whistleblowing Advice Line 0800 028 0285 which is free & anonymous, more information can be found at nspcc.org.uk/whistleblowing.

REPORTING OF ALLEGATIONS AGAINST STAFF & CONCERNS THAT DO NOT MEET THE HARM THRESHOLD

Allegations of harm may indicate that a person who works with children might pose a risk of harm to children if they continue in that role. When an allegation is made against a member of staff including supply staff and volunteers, the school's Managing Allegations Procedures should be followed, and all action taken needs to be in line with KCSIE 2023 Part 4 and [the THSCP Supplementary Guidance- Managing Allegations of Abuse against Staff – September 2023](#).

An allegation is made against a member of staff including supply staff, volunteers, contractors and governors, when an individual has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she may pose a

- risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

All staff must report all allegations, irrespective of the source, directly to the Headteacher and ensure that it is put in writing, signed and dated. If the subject of the allegation is the headteacher then the allegation should be directly reported to the Chair of Governors.

On receipt of a report of an allegation, the head teacher will make immediate contact with the Local Authority Designated Officer for an initial discussion. If the allegation concerns the headteacher, then the Chair of Governors shall make contact with the LADO.

When an allegation is made against a supply member of staff, the headteacher will be the case manager and take the lead in contacting the LADO.

When schools receive a report of an allegation relating to an incident that happened when an individual or external organisation was making use of the school premises for activities involving children, the headteacher should seek the advice of the LADO.

Allegations concerning staff who no longer work at the school, or historical allegations will be reported to the police.

LBTH Local Authority Designated Officer (LADO): Melanie Benzie

Email: Melanie.Benzie@towerhamlets.gov.uk or
LADO@towerhamlets.gov.uk

Telephone: 0207364 0677

In accordance with the Early Years Framework registered Early Years settings must notify Ofsted of serious allegations of harms and the actions taken by the setting as soon as is reasonably practicable but no longer than 14 days. A registered provider who, without reasonable excuse, fails to comply with this requirement, commits an offence.

Concerns about staff that do not initially seem to fulfil the allegation criteria set out above are known as Concerns that do not meet the Harm Threshold, sometimes called low-level concerns, not because they are insignificant but because they do not initially seem to meet the harm threshold. Staff should report and self-report such concerns in accordance with the school's procedures, which are found in the school's Staff Code of Conduct. Contact will be made with the LADO for advice and guidance when appropriate as part of the Headteacher's or Chair of Governor's response to the report.

The Staff Code of Conduct policy can be found on the Teacher Drive or copies can be provided from the office. Included in this policy is a section on Concerns that do not meet the Harm Threshold]

All staff should understand their responsibility to report **all concerns** about staff conduct which has taken place at the school or outside of the school including online environments, no matter how small or insignificant they might be perceived to be.

9. STAFF SAFEGUARDING TRAINING Including Training for Governors

In addition to School Staff, Governors and Trustees are required to have compulsory safeguarding training as part of their induction and to maintain their knowledge through regular

safeguarding training and updates. The safeguarding training at induction and indeed as part of continuous professional development should include Online Safety covering among other things an understanding of the expectations, applicable roles, and responsibilities in relation to filtering and monitoring systems in place at the school. In addition to School Staff, Governors are required to have compulsory safeguarding training as part of their induction and to maintain their knowledge through regular safeguarding training and updates. Through regular safeguarding training and updates staff are given the relevant skills and knowledge to safeguard children effectively and governors will be empowered and equipped to provide strategic challenge and gain assurance that effective safeguarding arrangements in place. Governors will be invited to join school safeguarding training sessions and there will be a standing Safeguarding Update at each Full Governing Board meeting.

All staff are made aware of systems which support safeguarding in the school. (See Appendix 3 Thomas Buxton Safeguarding Flowcharts)

As part of Induction, the following policies are shared and explained to all staff:

- Child Protection & Safeguarding Policy (including safeguarding response to children missing education; and name and role of the Designated Safeguarding Lead and the Deputies)
- Safer Care and Code of Conduct

All new members of staff are provided with a Termly Professional Development Plan that provides succinct outline of key policies and procedures.

A copy of Keeping Children Safe in Education 2023 (Part 1) is provided at Induction (including volunteers).

These policies and documents are shared annually in September (a refresher session) and all staff are required to read them and provide signed declaration stating they have read and have understood these. The HR Admin Officer will maintain a Safeguarding Training Register to ensure that all staff are appropriately trained.

All staff are provided with statutory safeguarding and child protection triennially.

All staff will have regular training and weekly updates (within phase and whole school briefings). These areas include:

- Child protections procedures, the Child Protection Policy, KCSIE Part 1 and the Code of Conduct;
- Updates on changes to legislation, policy and procedures in the area of child protection;
- Specific guidance in recognising signs of abuse, Peer on Peer, FGM, child trafficking and exploitation, child sexual exploitation, child at risk from extremism and radicalisation, domestic violence, online safety (filtering and monitoring, use of ICT, the internet and social media), forced marriage, violence against women and girls, involvement in gangs, drugs and neglect;
- Training on procedure and processes for what to do if child makes a disclosure and for reporting concerns and disclosures;
- Professional conversations to ensure there is an ongoing culture of vigilance;
- Copies of all policies are accessible on the School shared teacher drive and the School

website. Hard copies are kept main office.

- DSL and DDSLs undergo regularly (termly) training to ensure they have the knowledge and skills required to carry out the role.

10. VISITORS

If the visitor is unknown to the School, we will check their credentials and reasons for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign in using the electronic Inventory system and wear a visitor's badge and lanyard to identify themselves to school staff.

Staff challenge unidentified visitors on site and report all unregistered visitors to the Headteacher, LADO and Local Authority.

Visitors to the School who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID;
or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

- The School monitors the activities of any clubs or groups operating under the name of the School, or using its premises or facilities.
- Family visitors are welcomed on site by staff for organised, staff supervised events.

All visitors to the school will be given a leaflet with advice on safeguarding procedures at Thomas Buxton Primary School ([See Appendix 5 Thomas Buxton Safeguarding Information for Visitors](#)).

When a Social Worker, Police Officer or another professional visits the school to meet with a child as part of statutory investigations or other work, the ultimate safeguarding responsibility remains with the school. The school is aware of the need for the child to have an appropriate adult when interviewed by the Police in accordance with the [PACE Code C statutory guidance](#).

11. EXTENDED SCHOOL AND OFF-SITE ARRANGEMENTS

The school's Educational Visits Coordinator (EVC) is Claire Redpath and she will coordinate all residential and off-site activities. These are planned in accordance with the school's Trips and Visits Policy. The process of risk assessment and trip permission prior to the activity taking place ensures that the school is assured that safeguarding arrangements are in place.

Trip planning for visits off-site include consideration of the venue's own risk assessments.

Where services or activities are provided separately by another organisation **outside of normal school hours**, the school will seek assurance that the organisation has effective safeguarding policies and procedures in place. **This applies regardless of whether or not the children who attend any of these services or activities are pupils on the school register. The safeguarding standards expected of these external organisations, when they are not currently regulated, are set out in the Department for Education's Keeping Children Safe during community activities, after school-clubs and tuition: non-statutory guidance for providers running out-of-school activities (April 2022).** The school will ensure that all safeguarding requirements are set out clearly in the lease or hire agreement with the organisation, as a condition of use and occupation of the school premises; and that failure to comply would lead to the termination of the agreement.

12. IDENTIFYING ABUSE

Abuse and neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Abuse may be carried out by adults and other children.

The school is aware that children can be at risk of abuse, harm and exploitation beyond the family home. Extra familial harms include sexual exploitation, criminal exploitation, serious youth violence, and abuse that occurs on digital and online platforms. All staff especially the DSL and Deputy DSLs must consider whether children are at risk of harm and exploitation in environments outside the family home. All staff should therefore apply a Contextual Safeguarding approach when safeguarding children in the setting.

13. INDICATORS OF ABUSE

Physical - may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Sexual - involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Emotional - the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally

inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Neglect - the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment.

All staff will be aware of the indicators of abuse and neglect and understand that children can be at risk of harm inside and outside of the school, inside and outside of home, and online. All staff will be aware that abuse, neglect and other safeguarding issues are rarely standalone events that can be given a specific label, and multiple issues often overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSLs, will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

The DSL is aware of the borough's [LBTH Neglect Guidance](#) toolkit and all staff should understand their important frontline role in identifying children who may be suffering from Neglect.

See Appendix 2 for Specific Safeguarding Issues

14. VOICE OF THE CHILD

All those with a responsibility to safeguard children need to recognise that it takes great courage for a child to share a concern and speak up about any form of abuse especially child sexual abuse.

There are many reasons why children are not able to articulate what they are experiencing. Children may feel embarrassed, humiliated, or are currently being threatened by the perpetrator of abuse. Also, children may not feel ready or know how to tell a trusted adult that they are being abused, exploited, or neglected. They may not even realise that their experiences are harmful.

The barriers preventing a child communicating their concerns may be connected to their vulnerability, disability, sexual orientation, or language. The child's behaviour **including misbehaviour** may be the first sign that a child has experienced harm. Staff will therefore exhibit professional curiosity and understand that a child may be communicating a concern through their actions and behaviours and take a safeguarding approach when responding to behaviours.

Staff need to be aware of and promote the systems in place at the school which enable children to share their concerns and report abuse confidently. Children need to be assured that their concerns will be taken seriously by staff and action will be taken to safeguard and protect them. It is also important that staff determine how best to build safe and trusted relationships with children and young people which facilitates communication and the sharing of concerns.

As a Gold Rights Respecting School, children at Thomas Buxton Primary School are able to articulate their views openly, voice concerns and report abuse through a number of established systems:

- Children’s safeguarding leaflets available in every classroom for all children to access which explains what children should do if they need help. Teachers also share these with children.
- Posters listing the names of the DSL and DDSLs in every room so that children know who they can go to for help.
- Clear systems of reporting any concern or disclosures made by children through CPOMS.
- An Establishing Week programme so that children are reminded of how to share and voice concerns and worries.
- A clear PHSE policy including Relationships and Health Education curriculum.
- A network of pastoral support with trained Mental Health First Aiders across all staff groups.
- Access for children to an onsite Art Therapist with opportunity for children to self-refer.
- An embedded process of using Philosophy for Children from Nursery to Year 6 so that children can articulate ideas and abstract concepts.
- Each class has a WWW (Worries, Wonders, What if...?) boxes in their classroom to report any concerns and worries.
- A positive behaviour policy with a focus on rewarding achievement and personal development.

15. TAKING SAFEGUARDING ACTION

Any child, in any family in any school could become a victim of abuse. Staff should always maintain an attitude of “it could happen here”. Key points for staff to remember are:

- in an emergency take the action necessary to help the child (including calling 999)
- report your concern immediately to the DSL, this takes priority over all other activity for school staff. If the DSL is unavailable or off-site then report immediately to a DDSL.
- do not start your own investigation
- share information on a need-to-know basis only – do not discuss the issue with colleagues, friends or family
- complete an incident record using CPOMS. Recordings must be a clear, precise, factual account of the observation. If CPOMS is not accessible then a member of the Senior Leadership Team should be contacted as a matter of urgency.
- seek support for yourself if you are distressed.

16. EARLY HELP

All staff are trained and prepared to identify children who may benefit from Early Help, which is providing support as soon as a problem emerges at any point in a child’s life. **This can be support provided through school’s internal pastoral system and resources and/or Local Authority services and other external agencies.**

The Tower Hamlets Early Help Strategy recognises the important role schools have in identifying children and families who are at risk of poor outcomes without early intervention.

All staff need to recognise that all children may benefit from Early Help at any point in their childhood, but some children may benefit from Early Help more than others. These are children with known

vulnerabilities, which are listed in **Appendix 1 Children More At Risk Of Harm** of this policy. This appendix includes information on Looked After Children, Previously Looked After Children, SEND children, Children absent from education and children missing education.

Early help means providing support as soon as a problem emerges, at any point in a child's life. Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Have mental health needs.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised or exploited.
- Have family members in prison, or are affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Misuse drugs or alcohol.
- Have returned home to their family from care.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Are persistently absent from education, including persistent absences for part of the school day.
- Show early signs of abuse and/or neglect in other ways.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required. **The school's early help strategy includes provision of additional support; referrals to external agencies such as the Early Help Hub, BASS, CAMHS and others; the use of Early Help Assessment; EHA Reviews and Team Around the Child/Family meetings when there is multi-agency involvement; and making referrals to Children's Social Care if the threshold has been met.**

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under

When there is multi agency support in place for a child in the form of an Early Help Assessment and Team Around the Family meetings, the DSL will consider whether to refer to the borough's Social Inclusion Panel to aid with coordination of support, when requiring support and advice, and to help prevent escalation to Level 3 Needs: This.Child@towerhamlets.gov.uk

The DSL will contact the LBTH Early Help Hub for support and advice if required:

LBTH Early Help Hub:
0207 364 5006 (option 2)

Alternatively, the DSL will complete an Early Help Enquiry form which can be accessed via <https://bit.ly/2AA2WNy>

Social Inclusion Panel

When an EHA has been completed and a Team Around the Family is in process, the school can refer to the borough's Social Inclusion Panel in support of a coordinated and targeted plan to bring about improvement in the child's outcomes.

The DSL will apply the LBTH Thresholds Guidance to decide what level of safeguarding response is required as part of the Early Help response. If in doubt about the level of need the DSL will telephone the Child Protection Advice Line for a discussion.

MASH:

020 7364 5006 (Option 3) 020 7364 5601/5606

Child Protection Advice Line

020 7364 3444

If a child has been receiving Early Help support from the school and other agencies and there is no improvement in the child's outcomes, then the DSL must refer the child to Children's Social Care.

17. HANDLING THE REPORTING OR SHARING OF CONCERNS

When a child shares that they have been or are being abused including exploitation and neglect, they may feel ashamed, especially if the abuse is sexual, and may feel frightened lest their abuser finds out they have sought help and support from a professional. The child may have been threatened and may have lost all trust in adults; or they may believe that they are to blame for the abuse. Sometimes the child may not understand that what is happening is abusive.

All staff should reassure children that what they are sharing is being taken seriously and that they will be supported and kept safe. A child should never be given the impression that they are creating a problem by reporting abuse, sexual violence or sexual harassment. Nor should a child ever be made to feel ashamed for making a report.

Staff should never promise a child that they will not tell anyone about a report of abuse, as this may ultimately not be in the best interests of the child. During their conversations with the pupils, staff will:

- allow the child to speak freely
- remain calm
- allow silences
- refrain from asking leading questions
- tell the pupil what will happen next
- inform the DSL as soon as possible
- seek support from their line manager if they feel distressed.

Where appropriate, we will discuss any concerns about a child with the child's parents. This will usually only happen after a call to CPAL and following their advice about whether a parent/carer should be contacted or not.

The DSL will normally do this in the event of a suspicion or disclosure. Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of **all** the children involved unless told otherwise by CPAL.

18. CONFIDENTIALITY AND SHARING INFORMATION

Staff should never assume a colleague or another professional will take safeguarding action through the sharing of information that might be critical in keeping children safe. Staff should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision. Serious Case Reviews have highlighted failures in safeguarding systems in which people did not share information at the earliest opportunity or did not share at all. If in any doubt about sharing information, staff should speak to their Designated Safeguarding Lead or a deputy.

Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children.

All staff should understand that safeguarding requires a high level of confidentiality. Staff should only discuss concerns with the DSL, Deputy DSL or the headteacher.

Any member of staff can contact children's social care if they are concerned about a child but should inform the DSL as soon as possible that they have done so.

The DSL will have due regard to the Data Protection Act 2018 and General Data Protection Regulation (GDPR) to ensure that personal information is processed fairly and lawfully and they will adhere to the seven golden rules for sharing information. Information sharing will take place in a timely and secure manner.

The GDPR and the Data Protection Act 2018 do not prevent school staff from sharing information with relevant agencies, as safeguarding and protecting children provide a legal basis for sharing information.

Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented. Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

The School aims to work alongside associated professionals from a range of disciplines – including social care, health and so on – to ensure the safety and wellbeing of the children in its care, and information is normally shared with these agencies with the consent of the person identified in or by the information. We presuppose that the adult with the authority to decide about the disclosure of a child's information is their parent or legal guardian. In some circumstances, where a child or vulnerable person has suffered or is at risk of suffering significant harm, the school may legally share information with other services without the consent of the relevant individual.

Information sharing decisions will be recorded, whether or not the decision to share has been taken. Child protection information will be stored securely separate from the pupil's school file. Child protection information is stored and handled in line with the school's Retention and Destruction Policy. **Where safeguarding information is stored electronically and online, the school has cybersecurity measures in**

place, which meets the Department for Education's [Cybersecurity Standards](#), to ensure the data is safe and not vulnerable to evolving cyber-crime.

19. REFERRING TO CHILDREN'S SOCIAL CARE

The DSL will make a referral to children's social care applying the LBTH Threshold Guidance if it is believed that a pupil is suffering or is at risk of suffering significant harm, or the child is considered to be in need, that is a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services.

LBTH Multi-Agency Safeguarding Hub:
020 7364 5006 (Option 3) 020 7364 5601/5606

Child Protection Advice Line:
020 7364 3444

The DSL will contact CPAL/MASH in the first instance to seek advice and guidance. When the DSL completes a MASH referral form and sends it securely to the Multi-Agency Safeguarding Hub, the referral form will be accurate and sufficiently detailed to enable the MASH Assessment and Intervention Team to make a decision on the level of statutory response required in accordance [with the LBTH Thresholds Guidance](#).

If the child is already known to Children's Social Care, then the DSL will communicate safeguarding concerns to the allocated Social Worker.

[See Appendix 6 for the Tower Hamlets Multi-Agency Referral Form.](#)
[See Appendix 3 for the Thomas Buxton Safeguarding Flowcharts.](#)

Multi-agency working

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements. The school will be fully engaged, involved, and included in local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies. The school will act in accordance with the safeguarding arrangements.

The school will work with CSCS, the police, health services and other services to protect the welfare of its pupils, through the early help process and by contributing to multi-agency plans to provide additional support.

Where a need for early help is identified, the school will allow access for CSCS from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.

The school also recognises the particular importance of inter-agency working in identifying and preventing CSE.

Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL, Deputy DSLs or Headteacher.

20. ESCALATION PROCEDURES

If, after a referral to Children's Social Care, the child's situation does not appear to be improving, the DSL will consider following local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

In accordance with the Tower Hamlets Threshold Guidance the DSL will first make contact with the team manager followed by the service manager followed by the divisional director. At every level of escalation there should be discussion and concerted effort to resolve any professional difference. **It is important that the DSL at each point of escalation puts the concerns in writing.**
